TO ALL LOCAL AGENCIES

RE Creation/Revisions to Local Agency Website

To make more information readily available to the local agencies we are posting information to a website in order to convey timely accurate information. Therefore we have established a website which can be found with the following steps:

Enter michigan.gov/mdot in your search engine

Click on Doing Business

Click on Local Government Agencies

Under Local Government Agencies you will find several areas of useful information. Some of the specific information available is links to:

FY 2004 Project Planning Guide

Local Agency Guidelines for Geometrics on Local Roads

Local Agency Programs Organization Chart with e-mail addresses and phone numbers

Program Application for each type of projects (Bridge Enhancement Road & Safety)

Design Exception forms

Instructions for Preparing to Bid Federal Aid Projects through MDOT

Pertinent letters which were distributed to All Local Agencies (last three years)

Frequently Used Supplemental Specifications and Frequently Used Special Provisions

English Average Unit Price Report

Thank you for checking out our new website and we hope it helps in preparing your federal/state aid projects. If something does not work or is bringing up the wrong document please contact us so it can be corrected. If there is another document which you would like to see linked to this information please contact Doug Needham (needhamd@michigan.gov) at (517) 335-2229.

Sincerely,

Rudolph S. Cadena P.E.
Local Agency Programs Engineer
